

Dundee – Main Street Support Pledge Form

Engaging in the pursuit of Main Street Community designation for the Village of Dundee focuses energy on controlling our community's future. While there are development challenges unique to rural communities, achieving Main Street designation provides access to an exclusive toolbox and template for preservation-based downtown revitalization, opens avenues for a creative mix of financing, and provides a strategic blueprint for the current development and future use of our community's core business district.

We are only asking for a **pledge** at this time. Our application will be submitted in December 2016. The program requires that we have the first three budget years pledged when we submit the application.

We cannot continue to work without your help. To become a Main Street Community, we must show evidence of private and public investment in forms of both time and money. In order to do this, we ask that you fill out the enclosed pledge form and return it to the Village Office or to a DDA member by December 1, 2016. The form allows you to show ways you will support the efforts - through time, money and/or participation. This is your chance to help our community meet the challenges of the coming years.
